## 10. Confirm that the order information is correct

### Confirm Prescription Request

[Profile](#) > [Prescription Info](#) > [Confirm](#)

Please verify your order details then select a delivery preference, below.

#### Delivery Preference

When would you like us to ship your order?

- Ship my order as soon as my prescription is ready. My credit card will be charged automatically, as soon as my order is completed and shipped.
- Notify me by email when my prescription and insurance (if applicable) have been verified. I will return to the site to review the billing and shipping information and complete my order at a later date. I will not be charged until I complete my order.
